New Resources

- Understanding Respite Care (doc)
- Informing Families - My Life Plan Planning and Visioning
- Think College-Great website for the post-secondary education for individuals with I/DD.
- Developmentally Disabled, and Going to College-New York Times article by Kyle Spencer, August 3, 2017, "Today, there are some 265 work-readiness college programs for students like the ones at InclusiveU..."
- Apply: msautism@microsoft.com
- From the A&E television show, Born This Way comes the Fan Guide: Free Resources You Can Use. Includes information and resources on topics like, job seekers with disabilities, sex education, education resources on disability issues and ending the school to prison pipeline
- Art Studio Helps Adults With Disabilities Turn Their Passion Into a Career
- Looking for community resources for early intervention, child care, home care and recreation? Check out Seattle Children's Hospital's County Resource Lists
- Lifespan Respite
The Down syndrome Information Act (DSIA) was passed in June 2016. Some of the incredible outcomes are:

- **New Down syndrome Landing Page with DOH:** There are added resources, including the family friendly AAP guidelines, dental care, and links to additional resources & how to order the booklet *Understanding a Down syndrome Diagnosis*.

- **Child Health Notes (CHN) are updated!** or visit: Click for link to their DOH Facebook page

- **Informing families** has added a section on Down syndrome to their website.

- **Family and Professional Connections: Promoting Self Advocacy at the Arc of Whatcom County**

- **A continued conversation with Jessika Houston, Arc of Whatcom County**

- **Down Syndrome State and Regional Resources**

Visit our *Seattle Children's website* to find newly updated information and resources about 504 plans, including:

- What a 504 plan is
- How to know if your child needs one
- Diagnosis specific examples

**NDSC Statement on "CBSN ON ASSIGNMENT"**

We released a statement today in response to the "CBSN On Assignment" story, which broadcasted Monday, August 14. The National Down Syndrome Congress (NDSC) reacts to "CBSN On Assignment's" report about Iceland’s nearly 100 percent termination rate of fetuses with Down syndrome. "There is no way to predict the future for any child, whether they have Down syndrome or not," according to NDSC Executive Director, David Tolleson. "To eliminate an entire class of people is always wrong. Throughout history, there have been those who wish to eradicate people who are different, due to race, religion, gender, socio-economic status, disability, or other issues. Eugenics is not the answer. Whether the cause is ignorance or hatred, whether it’s pushed by politicians, scientists, or just accepted by everyday citizens, it’s still wrong."
