

2020 Legislative Candidate Questionnaire for Developmental Disabilities

Name: Bill Bruch

District: 10

Position: State House (Pos 2)

1. If you have a personal connection or professional experience with someone who has a developmental disability, would you describe its impact on you?

Over the course of my life I have met several people with developmental disabilities, they always have a profound impact on me. I have much empathy for these challenged individuals. These are brave souls that need our love and support.

2. What are your top three legislative priorities and how would you help people with developmental disabilities in them?

1. Hopefully the Covid declared state of emergency and crisis will be over by the beginning of the 2021 legislative session. I will be doing everything in my power to facilitate getting our small businesses up and running again. I would support changes in the laws to allow more hiring of developmental disabilities workers.
2. We need to get the public schools open asap. Developmental disabilities children need personal contact and need to get active again in a class setting.
3. I will be working to cut taxes for individuals and businesses; this policy will help everyone including those with developmental disabilities.

3. With the current economic crisis, how would you protect services that people with I/DD and their families need?

I will do all I can to balance the state budget and at the same time make sure these programs are fully funded.

4. Is there other information you'd like constituents with developmental disabilities and their family and friends to know?

I will do all I can to protect programs for the developmentally disabled. These are important members of society and I will do all I can to help them.

Respectfully,

Bill Bruch

LD 10 State House Candidate
