

2020 Legislative Candidate Questionnaire for Developmental Disabilities

Name: Rob Chase

District: 4

Position: 2

1. If you have a personal connection or professional experience with someone who has a developmental disability, would you describe its impact on you?

2.
I adopted a son who has fetal alcohol syndrome when he was 5. He is now 19 and is able to function on his own. We are very close and I love him very much.

2. What are your top three legislative priorities and how would you help people with developmental disabilities in them?

I want to get our economy healthier again so everyone who wants a job can have one.

I want to reduce unnecessary spending and regulation to attract good businesses.

I want to be an honest statesman.

3. With the current economic crisis, how would you protect services that people with I/DD and their families need?

We can't do business as usual anymore. As a resident from Eastern WA I support the 51st State which will make for more local decision making and we can start with a new state Constitution and work on Common Cause issues.

4. Is there other information you'd like constituents with developmental disabilities and their family and friends to know?

I believe we have a moral duty to help the helpless.
