

Welcome to Advocacy Day!

We believe that all people have human dignity and are deserving of respect and self-determination. Therefore, we are committed to ensuring that we are grounded in race, equity, and social justice so that we reduce any cultural, linguistic, and other barriers that prevent people from being fully participating citizens.

In recognition of the historical and ongoing injustice faced by Indigenous peoples, we begin by acknowledging that Washington is the traditional land of 35 tribes representing more than 140,714 native citizens. We honor the original caretakers of this land and recognize their enduring connection to it.

By participating in Advocacy Day, you are agreeing to be respectful of speakers, presenters, and other participants and their diverse thoughts and opinions so we can provide a positive and safe environment for everyone.

We will get started in a few minutes, grab a cup of coffee, and get ready to engage!

Thank you!

Washington State

Protect our Services and our Rights

*How do we ensure we have the services we
need and that our rights to live in the
community are protected?*

What's Happening?

- Federal level
 - Medicaid cuts coming
 - Snap Cuts
 - Department of Education shut down
 - Threats to Section 8 housing
 - Threats to disability infrastructure
 - Threats to Social Security

Cuts Cause Crisis

- **Individuals**
 - don't get the care they need
 - end up isolated
 - end up in the hospital or jail
- **Families**
 - have to quit work
 - go into financial crisis
 - are separated
- **Agencies**
 - can't adequately serve new people
 - go out of business
- **Students**
 - don't get an appropriate education
 - Are isolated and/or restrained
 - get sent out of state

Protect DD Services

- Individuals need these services to live
- The state has a moral obligation to ensure this population is cared for
- Individuals with I/DD receive services from many agencies, so they end up taking multiple cuts
- Equal cuts across state agencies are not equitable for people with I/DD
