When talking about the benefits of Sex Ed, I would strongly encourage you to talk about the numbers of individuals in CP who are there because they were not taught healthy relationships and boundaries. Until I retired last year I worked at the Individual Advocate at the Arc of Spokane for over 13 years and had many clients placed in the Community Protection program as sexual predator's when they are not. If anyone would like more information, please email me at; hblack@arc-spokane.org

SHUT THEM DOWN!

11:09:10 From Sarah DuCharme to Everyone:

Shut Them Down!!!

11:09:29 From Victor Interpreter to Everyone:

Helen: Cuando hablo sobre los beneficios de Educación sexual, le recomiendo fuertemente que hable sobre la cantidad de individuos en CP que están allí porque no se les enseñaron relaciones y límites saludables. Hasta que me jubilé el año pasado, trabajé en el Defensor Individual en Arc of Spokane durante más de 13 años y tuve muchos clientes en el programa de Protección Comunitaria como depredadores sexuales cuando no lo son. Si alguien desea obtener más información, envíeme un correo electrónico a hblack@arc-spokane.org

de Margaret-Lee: Las personas que no reciben dinero por su discapacidad tienen las mismas discapacidades y niveles de necesidad que tienen las personas que reciben estos fondos.

11:30:31 From Stacy Dym to Everyone:

Stakeholdering is not required for a bill to drop! So sometimes bills get ALOT of attention without it necessarily first being vetted by the community it might impact.
