

Developmental Disabilities Administration (DDA) Roads to Community Living (RCL) Grant

Service Description:

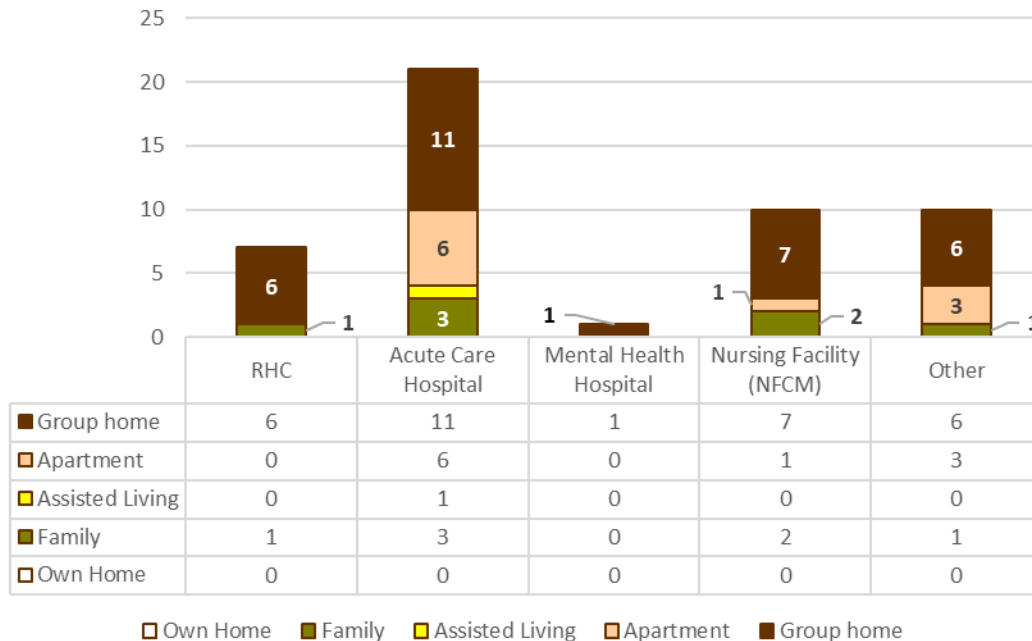

- * Roads to Community Living (RCL) is a demonstration project funded by a “Money Follows the Person” grant through the Centers for Medicare and Medicaid Services (CMS).
- * The RCL grant provides an enhanced federal matching rate of 75% during the first 12 months after moving out of an institution to pay for additional services to promote a successful transition. Examples include: Person Centered Planning, Supported Employment Services, Assistive Technology, Environmental Modifications, and training for families and staff.

¹ There are people living in RHCs who are ready to move but cannot because there is not a community program available to serve them.

The 1999 *Olmstead vs L.C.* decision says that that unjustified segregation of persons with disabilities constitutes discrimination in violation of Title II of the Americans with Disabilities Act.

Federal rules require that individuals living in a psychiatric hospital must have a continuous stay of 3 months or longer and be under age 22 or 65 or older to leave using RCL.
